

# Old Tires Can Be Hazardous

Old tires can  
hold water where  
mosquitoes breed.

Mosquitoes  
can spread diseases  
like dengue, Zika  
and chikungunya.

Old tires may  
catch fire and  
create toxic fumes.

## Return Your Tires

**It is illegal to throw them away.**  
(State law: HRS §Chapter 342I, Part II)

The final price of tires includes  
fees for proper disposal  
of old tires.

Take old tires to retailers, authorized  
recyclers or collection facilities.

**More info at [www.HawaiiZeroWaste.org](http://www.HawaiiZeroWaste.org)**

Recovered tires are used to make  
new products or burned to make energy.

**E Mālama  
I Ka 'Āina**  
(Take care of the land)

Old tires spoil the  
natural beauty  
of Hawai'i.
