LATEX PAINT DISPOSAL INSTRUCTIONS

LATEX PAINT DISPOSAL INSTRUCTIONS

MATERIALS COVERED:

Latex or Water based paints only

MATERIALS NOT COVERED:

Oil-based or lead content paints. Stains.
Paint thinner.

Latex Paint Disposal Options:

1. Use an absorbent such as kitty litter or paint hardener (sold at hardware store). Mix absorbent with paint and let it completely solidify. Dispose with regular rubbish.
2. Open the paint container in a sheltered, well-ventilated area away from children or pets. Let paint completely solidify. Dispose with regular rubbish.
3. Have fun, paint something. Use unwanted piece of wood or cardboard and express your artistic side. When paint completely dry dispose of everything in regular rubbish.

Remember that liquid paint cannot be disposed in your regular trash.
County Code §20-31 and §20-32 (c).
