Date: May 16, 2018
To: HI5 Customers
From: Atlas Recycling Centers, LLC.
Subject: Volcano, Waiohinu, and Ocean View Transfer Station Closures

Volcano: Due to the recent events at Halema`uma`u Crater, we will be closing our HI5 operation at the Volcano Transfer Station until we are sure our employees will be safe. Being that the transfer station is within five miles of the crater, the risk of heavy ash and possible rock and debris being spewed from the volcano have led to our decision to keep our employees out of the area.

Waiohinu and Ocean View: The threat of heavy ash and dangerous road conditions have led us to close these two sites for the weekend of May 19-20, 2018. We are expecting to open again on May 26, 2018 if the threat diminishes.

You may visit our website to see announcements of when we will open. Thank you for understanding that the safety of our employees is most important to us.

Our Closest locations are at the Kea`au Transfer Station and Keauhou Transfer Station.

Mahalo,

Kamaile R. Henriques
