

Recycling and Transfer Station Hours

Effective December 1, 2009

All stations will be closed on Thanksgiving, Christmas and New Year's Day

ALTERNATIVES

- Compost organics like food, paper & green waste to reduce the frequency of using the Recycling and Transfer Stations.
- Use a different Recycling and Transfer Station that is open longer hours.
- Change the day that you would normally go to the Recycling and Transfer Station.
- Hire a local hauler to pick-up recyclables and rubbish.
- Find a neighbor or friend who is available to take recyclables and rubbish during the open hours.

Path to Zero Waste

- Reduce: Try NOT to buy plastic or styrofoam
- Reuse, Repair & Donate
- Turn yard waste & kitchen scraps into compost
- Recycle appliances & metal
- Go to the website to find locations for E-waste

Path to Zero Waste

- Reusable shopping bags
- Recycle HI-5 beverage containers
- 2-Bin Recycling: MIXED and GLASS
- MIXED BIN: Paper, Cardboard, Plastics 1, 2 & 5, Metal cans
- Use refillable water bottles

RECYCLING & TRANSFER STATION RULES

Residential waste and recycling only. No business or commercial use.

Do NOT put the following down the rubbish chutes:

- e-waste (electronics)
- hazardous waste
- batteries
- animals
- paint
- scrap metal
- tires

Dumping rubbish elsewhere is illegal & punishable by fines up to \$25,000.
