VEHICLE DISPOSAL ASSISTANCE PROGRAM

ELIGIBILITY REQUIREMENTS

The Vehicle Disposal Assistance Program (VDAP) assists residents of Hawai'i County with the disposal fee of up to two junk vehicles per registered owner, per calendar year, legally and properly, to reduce the number of abandoned vehicles on public roadways. Please review these requirements and instructions carefully. If any of these requirements are not met, your application will be denied.

Registered Owner Eligibility:

- Two vehicles per registered owner, per calendar year. The Abandoned Vehicle Coordinator will keep a log of all registered owners who participate in this program and will refuse any additional vehicles.
- The County will only pay the disposal fee. The registered owner is responsible for having their vehicle transported from its current location to the County's contracted vehicle disposal facility. The registered owner is also responsible for all costs associated in getting the vehicle from its current location to the County's contracted vehicle disposal facility.

Vehicle Eligibility:

- The vehicle being disposed of must be registered as "Permanently Junked" by the Vehicle Registration and Licensing Division (VRL). A copy of the Certificate of Title stamped "PERMANENTLY JUNKED" must be submitted with your application.
- The vehicle must be a regular passenger vehicle, pick-up truck, or van that weighs no more than 3 tons (6,000 lbs.). Heavy equipment, mini-buses, and any other vehicle over 3 tons are not eligible for this program.
- The vehicle can have up to five (5) tires mounted or within the vehicle. If any vehicle comes in with more than 5 tires, the vehicle recycling facility has the right to charge the registered owner or refuse the vehicle in its entirety.
- The vehicle must be clean and clear of household trash, hazardous waste, extra tires, or any other excessive waste items. Determination of "excessive waste" will be made at the discretion of the vehicle disposal facility.
